Fine Gift Baskets from

THE GRAPEVINE

Since we first opened in 1987, The Grapevine has offered its customers high quality products, expert advice and exceptional customer service. Getting to know our customers and treating them right have helped us serve you better and establish our reputation in the area. Our goal has always been to provide individual attention to all aspects of the business.

Our gift baskets are all hand designed and include the finest food and wines that are artfully designed to make a lasting impression. They're the perfect way to say thanks, even to those with the most discriminating tastes. We're confident you will be as pleased sending a gift basket from The Grapevine as your recipient will be to receive it. Each year we spend a considerable amount of time creating all-new gift baskets with items that we have searched for so that they remain creative and unique.

- We can arrange local and UPS delivery
- Though we try not to make substitutions on items that are listed, we reserve the right to include similar products of equal value when necessary
- All prices are subject to change without advance notice
